Message from the Principal

Blessed Parents

2020-21 was a hard-hitting session having number of challenges involved into it. But, with your co-operation and support, we were able to come out of this difficult situation smoothly.

I am proud and honoured to be able to reiterate that I am fortunate to have your support with us.

The team work of the teachers and the parents was commendable throughout the session and I look forward for the same in our next session also.

I wish to conclude by saying that we must learn to focus on what we want and not on what we do not want, build upon what worked and not on what did not work and keep your eyes up to see the bigger picture.

Steve Jobs said, in one of his quotes, "Being the richest man in the cemetery doesn't matter to me Going to bed at night saying we've done something wonderful That's what matters."
